

BIRD IN EYE NORTH, UCKFIELD HAVE YOUR SAY

Martin Grant Homes is excited to bring forward proposals for a new residential community in Uckfield.

Our vision is to create a thriving neighbourhood, thoughtfully designed to connect with and compliment the surrounding natural and built environment. Our proposals are guided by a landscape-led approach with over 70% of the site reserved for natural, open green space, and

a strong emphasis on environmental wellbeing. This will be enabled and funded through the provision of 215 homes of varied types, sizes and tenures, ensuring the creation of a balanced, accessible residential community.

OUR PERIOD OF COMMUNITY ENGAGEMENT IS OPEN UNTIL 3 DECEMBER 2025

TELL US WHAT YOU THINK

We are holding a period of community engagement until 3 December 2025

During this time, members of the community can submit their comments via the form on our website. You can also provide feedback via email or by sending a letter to our freepost address.
